SIM Card FleetBroadBand | Postpaid

SIM Card FleetBroadBand is the SIM for Inmarsat marine terminals.

The Postpaid includes different plans with traffic included according with the needs. Inbound calls and text messages are free throughout all Inmarsat Coverage Area.

The Postpaid is the ideal solution for those who need a satellite service that is always available and without having to top-up the SIM.

The duration of the subscription refers to calendar months (from the first to the last day of the month). In the event that the activation of a SIM does not occur on the 1st (first) of the month, pro-rata is provided for all Price Plans. The pro-rata, referring to both the monthly fee and the traffic included in the Subscription, will be applied until the first calendar day of the month following activation.

Prices in \$ - Dollars (USD), VAT excluded. Monthly billing is in € - Euro (EUR), using the official average exchange rate of the Bank of Italy for the billing month
Other Standard Price Plan 20 GB and 40 GB are available on request.

NOTES

Voice billing: every 30 seconds with minimum fee of 15 seconds. Inbound traffic is not charged.

Data billing: every 20 kbyte with minimum fee of 100 kbyte.

Cautionary Deposit: for Standard Price Plan 25 the Cautionary Deposit is € 400,00;

for Standard Price Plan 100 the Cautionary Deposit is € 700,00;

for Standard Price Plan 350 the Cautionary Deposit is € 1.000,00;

for Cautionary Deposit of Standard Price Plan 1,5, 5 and 10 please contact Intermatica Customer Service.

The Cautionary Deposit is subject to possible review in case of high traffic volumes and it will be refunded at the end of the contract, after the last invoice payment. VAT is not applied on the Cautionary Deposit. Prices refer to 3 months minimum contract period.

* Traffic included if not used in the reference month, it can not be used in the following month.

N.B.: With Inmarsat SIM Cards, in satellite mode, it is not possible to call the national numbers in decade 1, 4, 7 and 8 (eg emergency services, toll free number, customer care, etc.). To call the Emergency Service numbers, it is necessary to find the reference geographical number (eg 06XXXX. 02XXXX). Some GSM Operators may inhibit the sending / receiving of SMS to / from satellite telephone numbers.
