SIM Card BGAN | Postpaid

SIM Card BGAN is the SIM for Inmarsat portable terrestrial satellite modems.

The Postpaid includes different Rate Plans with traffic included according to your needs and particularly convenient data service rates from different countries (see Countries of Origin) with the Geographic Plans. Inbound calls and text messages are free throughout all Inmarsat Coverage Area.

The Postpaid is the ideal solution for those who need a satellite service that is always available and without having to top-up the SIM.

The duration of the subscription refers to calendar months (from the first to the last day of the month). In the event that the activation of a SIM does not occur on the 1st (first) of the month, pro-rata is provided for all Price Plans. The pro-rata, referring to both the monthly fee and the traffic included in the Subscription, will be applied until the first calendar day of the month following activation.
