SIM Card BGAN | Prepaid

SIM Card BGAN is the SIM for Inmarsat portable terrestrial satellite modems.

The Prepaid provides two Price Plans with traffic included based on the credit with which you want to activate the SIM and particularly convenient rates for the data service from different countries (see Countries of Origin) with the Geographic Plan. Inbound calls and text messages are free throughout all Inmarsat Coverage Area.

The Prepaid is the ideal solution for those who prefer a satellite service without monthly fees.

Price Plan

Prices in € - Euro (EUR), VAT included.				

NOTE

Voice billing: every 15 seconds with 30 seconds minimum fee. Inbound voice traffic is free of charge.
Voice billing: every 10 KB with minimum fee of 50 KB.

N.B.: Inmarsat SIM Card in satellite mode does not allow calls to national numbers on ranges 1,4,7 and 8 (i.e.: emergency numbers, toll-free numbers, customers care, etc.). To call the emergency numbers you need to find the reference geographic number (i.e.: 06 XXXXX, 02 XXXXX). It is possible that some GSM Operators may inhibit the sending/receiving SMS to/from satellite phones.

SIM Card BGAN | Renewal Validity

Once the credit has been used up or the SIM has expired, it is necessary to top-up the SIM Card. The validity of the top-ups can not be combined with each other.

You can top-up the SIM Card by choosing one of the following modes:

- › On the site intermatica-shop.it;
- › At the points of sale.

Intermatica offers the following top-ups cuts for the Prepaid Plan: 500, 1,000, 2,500, 5,000 Units. More Top-up cuts are available on request.

Top-up		
Description	Validity	Cost
500 Units	180 days	€ 400.00
1,000 Units	365 days	€ 800.00
2,500 Units	365 days	€ 2,000.00
5,000 Units	365 days	€ 4,000.00

Prices in € - Euro (EUR), VAT included

CREDIT BALANCE

You can check the SIM Card credit balance:

- › Intermatica Customer Care: writing to ConTe@intermatica.it
