Iridium

## Iridium PTT | Postpaid

SIM Card Standard+ is the SIM card for Iridium mobile phones and for the Sailor SC4000 marine terminal.

The Postpaid provides a unique price plan with traffic included.

Inbound calls and text messages are free throughout all Iridium Coverage Area, which means worldwide.

The data connection is in dial-up mode with limited bandwidth availability at 2.4 kbps.

The subscription to a Postpaid plan is the ideal solution for those who require a satellite service always available anywhere and anytime, without the need to top-up the SIM Card.

**NOTE**

**Voice and data billing:** every 20 seconds, without connection fee. Inbound voice traffic is free of charge (excluding calls received from Canada and States United with two-stage service, which can be activated on request).

**Cautionary Deposit:** for the activation of the Rate Plan, a Cautionary Deposit of € 500.00 is required, which is returned at the end of the contract Subscription after regular payment of the last invoice. VAT is not applied to the Cautionary Deposit.

\* Traffic included is usable for voice vs. Landline / Mobile Phone, Iridium and Voicemail, if not used in the reference month, it is not cumulative in the following month.

**N.B.:** With Iridium SIM Cards, in satellite mode, it is not possible to call the national numbers in decade 1, 4, 7 and 8 (eg emergency services, toll free number, customer care, etc.). To call the Emergency Service numbers, it is necessary to find the reference geographical number (eg 06XXXX. 02XXXX). Iridium inhibits the sending / receiving of SMS to / from GSM telephone numbers.
