Always with you

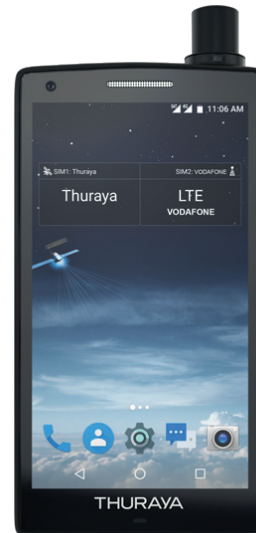

Thuraya X5-Touch

X5-Touch the world's first satellite smartphone, DUAL SIM and DUAL MODE - SAT and GSM, using the two networks depending on your needs. It supports voice, data and SMS communication, and is the most resistant among satellite phones with a IP67 and MIL-STD810 protection rating, resistant to water, dusts and shocks.

Geofencing tracking and monitoring areas can be created, with automatic position communication in case of exit from the tracks. The Gorilla Glass screen, a 5.2-inch full HD LCD touchscreen, the SOS button, essential to communicate the GPS coordinates in case of emergency, the dual camera (rear 8MP, front 2MP) and the 16 GB memory, expandable up to 32 GB with microSD, complete the terminal.

Thanks to the Android 7.1.2 operating system you can use and download applications directly from the Google Play Store including Gmail, Google Maps, Google Chrome and many others. It also has the ability to connect with multiple types of Android wearables.

X5-Touch, the power of satellite combined with the functionality of the smartphone.

DUAL MODE

DUAL SIM

NFC

Dimensions: 145x78x24 mm

Weight: 262 g

Menu: 16 languages

Functionality: voice, SMS and data

Satellite Antenna: omnidirectional extractable (10 cm)

Display: 1920x1080 pixel 5.2 inches LCD Full HD touchscreen

Gorilla Glass

Camera:

- › Rear: 8 MP
- › Frontal: 2 MP

Satellite Data transmission: only with Thuraya SIM

- › GmPRS data packets 60/15 kbps (download/upload)
- › Dial-up 9.6 kbps

GSM/3G/4G/LTE/4G Data transmission

Battery: Li-polymer 3,800 mAh

- › Talk time: up to 11 hours
- › Stand-by: up to 100 hours

Power supply: 5 V DC

Memory:

- › Internal: 16 GB, 2 GB RAM
- › External: expandable up to 32 GB with MicroSD

Positioning system: GPS, BeiDou, Glonass

Connectivity: Wi-Fi, Bluetooth, NFC

Connectors: SAT Nano-SIM, GSM Nano-SIM, 3.5 mm, USB-C, external antenna

Environmental protection rating: IP67, MIL-STD 810 G/F

Operating Temperature: from -20 °C to +60 °C

Humidity: 5% - 95% RH at +40 °C

Solar radiation: up to 1,120 W/m²

Air Pressure resistance: 4,572 m AMSL

Mechanical Vibration: 200 - 2,000 Hz, 0,3 m/s²

Operating System: Android Nougat (7.1.2)

Processor: Qualcomm MSM8953 Snapdragon 625 Octa 2 GHz

GPU: Adreno 506

Compatibility: Windows 10, 8/8.1, 7

SOS Button: emergency call/SMS/email to a predefined number

APPLICATION

- › Compass
- › Tracking
- › SOS

PACKAGE

- › X5-Touch
- › Battery
- › Earphones 3.5 mm
- › USB-C cable
- › 12 V USB car charger
- › 100-240 V AC travel charger with international plugs
- › USB Pen drive
- › Quick start guide
- › User Manual
