CREDIT BALANCE

You can check the SIM Card credit balance by choosing:

- › Intermatica Customer Care: writing to ConTe@intermatica.it

GRACE PERIOD

On the natural expiry date, the system will automatically renew the SIM Card by withdrawing the amount necessary from the remaining credit.

If the remaining credit is insufficient, the SIM Card enters in a Grace Period phase for 90 days. During this period the service is available only in reception and it is possible to reactivate the SIM Card with a top-up.

If there is no renewal operation within 90 days, the SIM will be permanently deactivated and it will no longer be reactivated.
